The Secretary is appointed in accordance with the Constitution.

The Secretary may be appointed or removed by the Board and is responsible for developing and maintaining the information systems and processes required such that the Board can fulfil its role.

The Secretary acts as secretary of the Board, attending all meetings of the Board as required. The Secretary is accountable directly to the Board, through the Chair on all matters to do with the proper functioning of the Board, including ensuring Board compliance with procedures and other governance requirements.

Standing committees established by the Board will adopt charters setting out the authority, responsibilities, membership and operation of the committee. There are currently two standing committees:

- (a) Audit and Risk Committee; and
- (b) Sustainability Committee.

The Company may establish other committees from time to time to consider other matters of special importance.

Directors are entitled to attend committee meetings and receive committee papers. Committees will maintain minutes of their meetings and are entitled to obtain professional or other advice in order to effectively carry out their proper functions. The Chair of each committee will report back on committee meetings to the Board at the next full Board meeting.

6.2 Delegation to CEO and management

The Board has delegated to the CEO the authority to manage the day to day affairs of the Company and the authority to control the affairs of the Company in relation to all matters other than those responsibilities reserved to itself in this Charter.

The Board may impose further specific limits on CEO delegations. These delegations of authority will be maintained by the Secretary and will be reviewed by the Board as appropriate from time to time.

The CEO has authority to sub-delegate to the senior management team.

7 Membership

7.1 Composition and size

In so far as is practicable given the size of the board and requirements of the Company, the Board will consist of a majority of non-executive, independent Directors. The Chair of the Board will be elected annually by the Directors and must be an independent non-executive Director.

Each Director must be able to add value to the Board's deliberations. In addition, the Board must:

- (a) be comprised of Directors who are financially literate, at least one of whom has financial expertise; and
- (b) demonstrate an appropriate mix of skills, experience, diversity and knowledge to discharge its responsibilities and objectives.

The Board must review the range of expertise of its members regularly, and ensure that it has operational and technical expertise adequate to support the operation of the Company. Accordingly, the number of Directors may be increased where additional expertise is required in specific areas or when an outstanding candidate is identified.

The Directors will determine the size of the Board, subject to the Constitution, which provides that there can be no less than three, and no more than nine, Directors. The number of Directors and the composition of the Board must at all times be appropriate to the Company to achieve efficient decision making and adequately discharge its responsibilities and duties.

The composition of the Board is, and will continue to be, determined on the basis that the Board requires that the Directors collectively have a broad range of technical and commercial expertise and experience in a field complementary to the Company's activities and/or have professional qualifications appropriate and relevant to the Company and its business.

The Company's succession plans are designed to maintain an appropriate balance of skills, experience and expertise on the Board. As at the date of this Charter, Directors have been

appointed based on the specific corporate and governance skills and experience required by the Company. New appointments are to be made on this same basis.

7.2 Appointment and re-election of Directors

Directors will be appointed and removed in accordance with the Corporations Act and the Constitution.

The process of selection and appointment of new Directors to the Board is that when a vacancy arises, the Sustainability Committee identifies candidates with appropriate skills, experience and expertise. Candidates with the skills, experience and expertise that best complement the Board's effectiveness will be recommended to the Board. When the Board considers that a suitable candidate has been found, that person may be appointed by the Board to fill a casual vacancy in accordance with the Constitution, but must stand for election by shareholders at the next Annual General Meeting.

Non-executive Directors will be engaged by a letter of appointment setting out the terms and conditions of their appointment. Directors will be expected to participate in any induction or orientation programs on appointment, and any continuing education or training arranged for them.

Directors must retire from office in accordance with the Constitution. Retiring Directors may be eligible for re-election.

Before each Annual General Meeting, the Chair of the Board will assess the performance of any Director standing for re-election and the Board will determine their recommendation to shareholders on the re-election of the Director (in the absence of the Director involved). The Board (excluding the Chair), will conduct the review of the Chair.

7.3 Board skills matrix

In reviewing the composition and succession plans pertaining to the Board, and the Company's continuing professional development programs and initiatives for Directors, the Board and the Sustainability Committee must do so by reference to and with guidance from a "skills matrix" which includes:

- (a) expertise and experience in one or more of the industry sectors, regulatory environments and/or market segments in which the Company operates;
- (b) experience in board or senior executive positions in other companies or organisations;
- (c) experience in strategy development, risk management and people management;
- (d) commercial and financial acumen; and
- (e) knowledge, experience and commitment to corporate governance.

The Board will ensure there is a program for inducting new directors and periodically reviewing whether there is a need for existing directors to undertake professional development to maintain the skills and knowledge needed to perform their role as directors effectively.

7.4 Independence

All Directors - whether independent or not - should bring an independent judgement to bear on all Board decisions.

A Director is considered independent by the Company if the Director is free of any interest, position, association or relationship that might influence, or be reasonably perceived to influence, in a material respect his or her capacity to bring an independent judgement to bear on issues before the Board and to act in the best interests of the Company and its security holders generally.

A Director who:

- (a) is, or has been, employed in an executive capacity by the Company, or another Group member and there has not been a period of at least three years between ceasing that employment and serving on the Board;
- (b) is, or has within the last three years been, a partner, Director or senior employee of a provider of material professional services to the Company or any Group member;
- (c) is, or has been within the last three years, in a material business relationship (eg as a supplier or customer) with the Company or other Group member, or an Officer of or otherwise associated with, someone with such a relationship;
- (d) is a substantial security holder of the Company or an Officer of, or otherwise associated with, a substantial security holder of the Company (as defined in section 9 of the Corporations Act);
- (e) has a material contractual relationship with the Company or another Group member other than as a Director of the Company;
- (f) has close family ties with any person who falls within any of the categories described above; or
- (g) has been a Director of the Company for such a period that his or her independence may have been compromised,

will not be independent, unless the Board is satisfied on reasonable grounds that the Director is independent despite the existence of one or more of these circumstances. In each such case, the materiality of the interest, position, association or relationship needs will be assessed by the Board in order to determine whether it might interfere, or might reasonably be seen to interfere, with the Director's capacity to bring an independent judgement to bear on issues before the Board and to act in the best interests of the Company and its security holders generally.

The Board will regularly assess the independence of each Director in light of the interests disclosed by them. That assessment will be made at least annually at, or around the time, that the Board considers candidates for election to the Board. Each independent Director must provide the Board with all relevant information for this. The outcome of this assessment will be reflected in the corporate governance section of the annual report.

The Board recognises that the tenure of a Director alone will not be sufficient to determine whether a Director's independence has been compromised. However, the Board should regularly assess whether a Director, who has served for more than ten years, has become too close to management to be considered independent.

If the Board determines that a Director's independent status has changed, that determination will be disclosed to the market in a timely fashion.

7.5 Conduct of individual Directors

Directors must at all times act in accordance with legal and statutory requirements, and discharge all their duties as Directors. Directors must:

- (a) discharge their duties in good faith and in the best interests of the Company and for a proper purpose;
- (b) act with care and diligence, demonstrate commercial reasonableness in their decision making and act with the level of skill and care expected of a Director of a major company, including applying an independent and enquiring mind to their responsibilities;

- (c) avoid conflicts of interest except in those circumstances permitted by the Corporations Act;
- (d) not make improper use of information gained through their position as a Director;
- (e) not take improper advantage of their position as a Director;
- (f) notify other Directors of a material personal interest when a conflict arises;
- (g) make reasonable enquiries if relying on information or advice provided by others;
- (h) undertake any necessary inquiries in respect of delegates;
- (i) give the Company or ASX all the information required by the Corporations Act; and
- (j) not permit the Company to engage in insolvent trading.

8 Board process

8.1 Meetings

All Board meetings will be conducted in accordance with the Constitution and the Corporations Act.

Directors are committed to collective decision making, but have a duty to question and raise any issues of concern to them. Matters are to be debated openly and constructively amongst the Directors. Individual Directors must utilise their particular skills, experience and knowledge when discussing matters at Board meetings.

Directors must keep Board discussions and resolutions confidential, except where they are required to be disclosed.

All Directors are generally expected to prepare adequately, attend and participate at each Board meeting. The Board papers, which include comprehensive reports on the operational and financial performance of the Company, and an agenda for each Board meeting, will be circulated to Board members in advance of Board meetings. All Directors should actively consider the sufficiency of the contents of the Board papers that they have been provided for consideration. The Board should assess the information that it receives and the timing of its distribution to ensure the Board has sufficient time to examine the material provided to it for approval.

Non-executive Directors will periodically meet without executive Directors or management present.

The Board may request or invite management or external consultants to attend Board meetings, where necessary or desirable.

The Board may conduct meetings by telephone or video conference.

8.2 Independent professional advice

Any Director may take such independent legal, financial or other advice as he or she considers necessary at the reasonable expense of the Company on any matter connected with the discharge of his or her responsibilities. Any Director seeking independent advice must first discuss the request with the Chair who will facilitate obtaining such advice. The Chair may determine that any advice received by a Director be circulated to the Board.

8.3 Access to management

The Directors have complete and open access to management following consultation with the Chair and CEO.

8.4 Access to Company information and confidentiality

All Directors have the right of access to all relevant Company books and to the Company's executive management. In accordance with legal requirements and agreed ethical standards, Directors and executives of the Company have agreed to keep confidential all information received by them in the course of the exercise of their duties. Directors and executives will not disclose non-public information of the Company except where disclosure is authorised or legally mandated.

All Directors are entitled to the benefit of the Company's standard Deed of Confidentiality, Indemnity, Insurance and Access which provides ongoing access to Board papers and at the Company's expense, Directors' and Officers' Insurance for seven years after the Director leaves the Board.

9 Assurances and declarations

9.1 Assurances

It is the responsibility of both the CFO and CEO to provide written assurances to the Board that in all material respects:

- (a) the financial reports submitted to the Board present a true and fair view of the Company's financial condition and operational results; and
- (b) the Company's risk management and internal compliance and control systems are operating efficiently and effectively.

9.2 Declarations

Section 295A of the Corporations Act requires that, before the Directors' declaration in the Company's financial statements for a financial period is made, each of the CFO and the CEO must provide the Board with a declaration confirming that in that person's opinion:

In accordance with Recommendation 4.2 of the ASX Corporate Governance Principles, the Board must also receive assurances from each of the CFO and the CEO that the declaration provided in accordance with section 295A of the Corporations Act is founded on a sound system of risk management and internal control, and that the system is operating effectively in all material respects in relation to financial reporting.

9.3 Disclosure in annual report

The Board will disclose in the Company's annual report whether it has received assurance from each of the CFO and the CEO that the declaration provided in accordance with section

295A of the Corporations Act is founded on a sound system of risk management and internal control and that the system is operating effectively in all material respects in relation to financial reporting risks.

10 Codes of Conduct

10.1 Conflicts of interest

To ensure that Directors are at all times acting in the interests of the Company, Directors must:

- (a) disclose to the Board actual or potential material personal interest that may or might reasonably be thought to exist between the interests of the Director and the interests of any other parties in carrying out the activities of the Company; and
- (b) take all such necessary and reasonable steps to avoid conflicts of interest as required by law and remove any potential conflict of interest if requested by the Board, within seven days or such further period as may be permitted.

If a Director cannot or is unwilling to remove a material personal interest then the Director must, in accordance with the Corporations Act, absent himself or herself from the room when Board discussion and/or voting occurs on matters about which the material personal interest relates (save with the approval of the remaining Directors and subject to the Corporations Act).

- (b) acting on material information until that information has been released to the market and adequate time has been given for the market to factor that information into the determination of the Company's share price. Officers, employees and Directors are required to consult the Chair, the Board and Secretary respectively, prior to dealing in securities in the Company or other companies with which the Company has an interest in and/or relationship with.

Dealings are not permitted at any time whilst the person proposing to deal is in possession of price sensitive information not yet available to the market. In addition, the Corporations Act prohibits the purchase or sale of securities whilst a person is in possession of inside information.

11 Review and publication of Charter

The Board is responsible for reviewing this Charter and the division of functions and responsibilities in the Company. The Board will review this Charter periodically to check that it is operating effectively and whether any changes are required to this Charter. The Charter may be amended by resolution of the Board.

Approved by the Board on 21 July 2021
